Amy,

It sounds like CDM should call EPA and find out the status of the laboratory assignment. This could be an oversight.

Thanks,

Tanya

Tanya –

Our ASC confirmed that we have not received word/direction that it is ok to ship our dioxin samples yet.

Our lab ASC has not received word yet regarding dioxin/PCB Congeners to ship. We have the samples waiting in our warehouse so that once we get the lab assignment, we can ship. The other samples associated with the lab assignment (inorganic and organic) have shipped during the time of sampling.

Hello All,

Paul can you follow-up and provide a status update on the dioxin samples that were collected under the data gaps SAP for our call on Wednesday? I want to confirm that the samples were shipped to the assigned laboratory.

Thanks,

Tanya

Hi Tanya,

Please see below, and let us know the status of your PR for the dioxins and CBC samples that were shipped to CAPE Laboratory, under case #44902.

Thanks.

Hi Adly,

I wanted to follow up on the email below. Has the PR been provided to EPA for this Solicitation? It was awarded to CAPE in November and was scheduled to ship 11/21-12/30. At this time, the inorganic and organic sampling has completed.

Thanks,
